

## Colonial Heights Special Education Advisory Committee

Does your child have an IEP or a 504 plan? Whether a student has a complex disability or is just getting a little extra help, we want to make sure our schools are meeting their needs.

The Special Education Advisory Committee (SEAC) meets four times a year to discuss issues of concern to students who receive special education services in our schools.

Meetings are open to the public, and public comment is welcome. Drop in for one meeting, or all four!

For more information, please contact SEAC chair Lia Tremblay at [liatremblay@gmail.com](mailto:liatremblay@gmail.com).

### 2019-2020 Meeting Dates

Monday, September 23

Thursday, November 21
